Reginald Smith	Durham, NC	2015-07-29	Light rail helps equalize opportunities.
Darius Hinton	Raleigh, NC	2015-07-29	Improving our infrastructure makes travel cheaper for those who can't afford to travel, saves energy and prevents pollution, and puts us in a great place to be a major US metro.
Sharon Hirsch	Durham, NC	2015-07-31	I'm signing because light rail is the cornerstone of our jobs and affordable housing plans for Durham and the Triangle. It is the key to helping people get to work -- while providing new jobs. Plus, our community is committed to 15% of all housing be affordable around each transit stop. This is the community is want to live in!
Katharine Whitmore	Durham, NC	2015-07-31	I support measures to reduce traffic congestion.
Paul Cornsweet	Durham, NC	2015-07-31	American is 50+ years behind in mass transport systems. The Triangle will benefit with the light rail and it will be a guide for other communities moving away from one car, one person people moving.
Bill Hendrickson	Durham, NC	2015-07-31	It is essential for the long future of the Triangle.
Roosevelt Williams	Durham, NC	2015-07-31	Black lives matter.
Michael Bacon	Durham, NC	2015-07-31	We've been talking about this for too long. The metro area needs it desperately -- it's time to build.
Ivan Parra	Durham, NC	2015-07-31	I believe in transit options for those that have no access to vehicles. The proposed light rail can be used as a point of leverage for job creation and affordable housing
Eli Lewis	Durham, NC	2015-07-31	I'm signing because as a Durham resident I think one of the most important ways to help our area's growth and improvement is a robust public transportation system.
Margaret McCann	Chapel Hill, NC	2015-08-01	This is ultimately the best approach for connecting people and institutions (hospitals, schools, etc.). Bus rapid transit it not the answer because it's not rapid!
Lisa Fischbeck	Durham, NC	2015-08-01	Getting light Rail in Durham is on my bucket list. Fortunately, I am only 59. Light rail is completely in line with who Durham is and what Durham values.
Lauren Parker	Durham, NC	2015-08-01	I'm signing because you can't highway your community out of congestion and traffic. We need more options if we're going to compete with other communities our size.
Pat Heath	Durham, NC	2015-08-01	We have been talking about light rail forever but it is taking so long. The traffic just gets worse every year.
Tracey Callison	Durham, NC	2015-08-01	Our current infrastructure already doesn't support the number of residents and traffic, and the problem is only going to get worse unless a solution like light rail is implemented. It will provide a value added proposition to residents, not a reduction.
Chris Svajlenka	Durham, NC	2015-08-01	Light rail is great
John Foushee	Raleigh, NC	2015-08-02	Public infrastructure is vital to the economy
Jessica Lewis	Durham, NC	2015-08-03	I think that this light rail project is long overdue and would dramatically improve the quality of life in the triangle.
contessa mills	durham, NC	2015-08-03	I travel on transit
Alex Modestou	Durham, NC	2015-08-04	Transit is an essential public utility that improves quality of life, public health, and spurs economic growth.

Name	Location	Date	Comment
Nathaniel Fuller	Augusta, GA	2015-08-04	It needs to be done
Sharon Pridgen	Durham, NC	2015-08-04	I think it an important opportunity for the citizens of Durham that provides growth and development for many people.
Jen spencer	Durham, NC	2015-08-04	The light rail will decrease traffic and be a tremendous benefit to Triangle residents who have to rely on several different buses to get to work, school, doctor, etc
Kris Flynn	Raleigh, NC	2015-08-04	Because I can!
Margaret Sheridan	Chapel Hill, NC	2015-08-04	Light rail would be valuable to the citizens of the chapel hill & durham!
Amanda Diekman	Durham, NC	2015-08-05	Transport is an essential thing for low income people.
Daniel Siler	Morganton, NC	2015-08-05	Train > Congestion
janelle becker	Durham, NC	2015-08-05	i believe in strong public infrastructure and public transportation in order for cities to thrive moving forward
Shel Anderson	Durham, NC	2015-08-05	I'm signing because I think of the future of the Triangle
CArol Murphy	Durham, NC	2015-08-06	A light rail transit will reduce energy use from cars and needed as a public investment for a growing community
Nadeen Bir	Durham, NC	2015-08-06	I think the light rail will be good-I just don't want it to displace low-income folks or communities of color.
Rachel Meyen	Durham, NC	2015-08-06	I support uniting Durham...
Ahmed Finoh Jr.	Durham, NC	2015-08-07	I want mass transit options in the triangle
Mary Elizabeth Hanchey	Durham, NC	2015-08-07	I support public transportation, especially between the medical centers at Duke and Carolina and into East Durham. I hope for a higher percentage of affordable housing in proximity to the line.
Janice Strauman	Durham, NC	2015-08-07	This rail can do much for the people of Durham.
Kathryn Krahenbuhl	Durham, NC	2015-08-08	We have needed this transportation addition for decades. I don't know the reason for Chapel Hill folks to oppose it, but I send some kind of classist, racist back stories from the long term relationship to Durham. Our citizens deserve a better option than currently, especially those who have been marginalized for so long and do have the luxury of a car and money and time to get from one city to another. We need to open this to expand job opportunities between communities, help with the bottleneck of traffic between the two cities and cut back on the pollution we reap on this area. This has already been way too long in the so-called "planning stages". We need it as soon as possible. Please don't let people block it.
Catherine Miller	Durham, NC	2015-08-08	this plan has been worked on for a long time, and we need to move forward without wasting more time. These are urgent issues.
Ruby Sinreich	Durham, NC	2015-08-13	We've been working on this plan for badly-needed regional transit in the Triangle for 20 years. We can't delay the future, it's coming whether we're ready our not. We need to invest in this infrastructure for the long haul.
Sami Grover	Chapel Hill, NC	2015-08-13	If we are to continue to grow as a community, Durham needs light rail and viable alternatives to car dependence.
Kim Howard	Durham, NC	2015-08-19	This is important!
The Rev. Dr. Rhonda Lee	Durham, NC	2015-08-19	Light rail will bring great economic, environmental, and cultural-social benefits to our region.
Andrew Martin	Durham, NC, NC	2015-08-20	Every modern community that has a growing population realizes the long term benefits in a transportation option such as this. Great investment for the country's fastest growing region.

Kevin McNamee	Durham, NC	2015-08-20	I believe in public transportation!
Nolan Gokey	Durham, NC	2015-08-23	I fully support light rail and look forward to the day it connects the triangle!
Eric Ross	Durham, NC	2015-08-25	I want to express my full support for this project. This area is well situated for light rail with the multiple local universities, medical centers, and downtown areas. Couple that with the exploding growth in the area and a young population and it makes for the perfect opportunity for successful light rail.
Miranda Terry	Durham, NC	2015-08-25	Traffic is terrible, and this is a healthy alternative.
Heather Banta	Atlanta, GA	2015-08-25	I think a light rail or heavy rail system is critical for this area to keep up with the increasing population and congestion.
Mike Ross	Greensboro, NC	2015-08-25	Our cities should be better connected and this will help all of the Triangle with growth.
Pierre Tong	Raleigh, NC	2015-08-31	RDU needs expanded transit options to support the growing population needs and the light rail project is a step in the right direction.
Janet McGough-Csarny	Chapel Hill, NC	2015-09-02	It's the right thing to do. I lived in DC and used the Metro all the time. Best transportation around!
Lloyd Schmeidler	Durham, NC	2015-09-03	I am supporting this project because I believe it could provide better access to jobs for local residents and reduce reliance on the automobile.
